

Your own **online store**, in a few simple steps.

YeboSell is order-management for informal sellers. Already selling on WhatsApp, Facebook or Instagram? Turn it into a real store — with products, inventory, orders, payments and delivery tracking — no WhatsApp Business API and no monthly fees.

WHAT YOU GET

- ✓ **Your own storefront**
A shareable link buyers browse and order from.
- ✓ **Buyer order tracking**
Each buyer gets an installable tracking link.
- ✓ **Discounts & delivery**
Promo codes, delivery fees and prep times.
- ✓ **Notifications**
In-app chat, SMS and one-tap WhatsApp.
- ✓ **Order management**
Track every order from New to Delivered.
- ✓ **Inventory & variants**
Sizes, colours and live stock counts.
- ✓ **EFT & multiple banks**
Show buyers your bank details for direct payment.
- ✓ **You keep your money**
Buyers pay you directly — YeboSell never holds funds.

HOW IT WORKS

- 1**
Create your store
Sign up with your phone, add products and your bank details.
- 2**
Share your link
Post your store link on WhatsApp, Facebook or Instagram.
- 3**
Manage & get paid
Take orders, update status, and get paid directly.

SIMPLE PRICING

- 5%**
per paid order (on the goods subtotal). No monthly fee.
- M0**
to start & to run your store — you only pay when you sell.
- First 10 free**
Launch offer: the first 10 sellers get their first 10 orders free.
